

How to use:

Apply a thin layer of the cream to cleansed face every morning. Gently pat with fingertips. Wait about 15 minutes until fully absorbed. A slight stickiness of the product immediately after application is a natural process due to the high collagen content in the cream. After about 10-15 minutes, the product is completely absorbed and the stickiness disappears.

Storage:

Store at temperatures below 30°C, in a dry place, away from light.

Precautions:

Do not use if you are allergic to any of the ingredients. Avoid direct contact with eyes.
