

Did you know...?

Pro Collagen Day Cream 50ml

NEW FORMULA

- 1 | Thanks to the use of natural emulsifiers, the new version of the cream retains the impressive level of naturalness index – **as much as 97.9%**.
- 2 | Improved cream base: the current gel formula was replaced with a lightweight, velvety, easy-to-spread emulsion that ensures comfortable use and goes perfectly well with make-up. **New texture minimises the risk of product pilling.**
- 3 | The formula of the cream remains rich in active ingredients; the cream contains: **fish collagen, a complex of 5 hyaluronic acids, avocado oil, shea butter and SKINPRO QM – a rich source of glycosaminoglycans from jellyfish, mucin and Q-mucin.**
- 4 | Active ingredients were selected in such a way to mutually enhance their action: **they intensely hydrate, regenerate, improve skin elasticity and firmness, as well as reduce the visibility of wrinkles.**
- 5 | Formula changes **improved product stability** which translates into its reliability and extended shelf life.
- 6 | The new version of the cream was tested by female experts **who unanimously emphasised application comfort and the fact that the cream was pleasant to use.**
- 7 | The new emulsion works perfectly as a **day cream and make-up base.**
- 8 | The cream has a subtle, fresh, floral scent with **notes of lily, jasmine and rose.**
- 9 | It's enclosed in a **glass jar with a protective foil seal and spatula**, ensuring maximum hygiene and comfortable application.
- 10 | Can be used daily by men and women with **normal, sensitive, and mature skin showing signs of ageing.**
