

Pro Aloe Night Cream 50 ml

Did you know that...

- 1** The naturalness index of the new aloe vera night cream is 96,2%. The cream is enriched with natural ingredients that are gentle on the sensitive young skin of the face.
- 2** The rich formula of our aloe vera face cream contains active ingredients, including **aloe vera stem cells, Pentavitin[®], aloe vera leaf juice, Biolin P prebiotic, hemp oil, avocado oil and vitamin E**. Such a great combination of ingredients has a regenerating and moisturising effect and makes the cream ideal for night facial care. All these ingredients make up a comprehensive formula that regenerates the skin and leaves it moisturised and silky smooth to the touch when you wake up. The cream also has antioxidant properties and reduces the visibility of wrinkles.
- 3** The formula has been enriched with:
 - **Pentavitin[®]**, a 100% natural ingredient with exceptional moisturising properties. It provides immediate hydration that lasts up to 72 hours;
 - **Biolin P**, a prebiotic that helps to maintain proper pH of the skin, which is important for preserving its natural microbiome and protection against harmful external factors;
 - **Aloe vera leaf juice**, which helps to protect the skin and soothes irritation;
 - **Hemp oil**, which promotes regeneration, smooths and improves the appearance of the skin.
- 4** The combination of a prebiotic with Pentavitin[®] provides intensive hydration and helps to maintain a healthy pH of the skin. **Pentavitin[®] provides immediate and deep hydration that lasts up to 72 hours;** In vivo studies have confirmed that this ingredient improves epidermal hydration and forms a natural protective barrier. The ingredient also has proven efficacy - **after four weeks of use, a 20% reduction in the symptoms of dry skin, as well as deep skin hydration was observed¹.**
- 5** Ideal night care **for dry and young skin. Skin regeneration based on Age Preventing - a concept of slowing down the ageing process of young skin.**
- 6** The ingredients of the cream are selected to work together, and **their synergistic action helps improve the condition of the sensitive skin of the face.**
- 7** **An ideal complementary treatment to the day cream and other cosmetic products from the Pro Aloe line.**
- 8** The glass packaging makes application of the cream convenient and, above all, hygienic. **The aluminium seal guarantees safety and hygiene without interfering with the product itself.**
- 9** Our night cream **has a fresh, floral fragrance with the soft scent of lily, rose and jasmine penetrating into a delicate heart of violet and orange blossom.**
