

**Pro Collagen Face  
Platinum 50 ml**

**Pro Collagen Body  
Silver 100 ml**

## Did you know that...

- 1** Pro Collagen Face Platinum 50 ml and Pro Collagen Body Silver 100 ml contain precious **native collagen**. The collagen in our products has a **triple helix structure, identical to that found in our bodies**.
- 2** Pro Collagen hydrates contain **type I native collagen, which is obtained from fish skins**. **Type I native collagen can be naturally found in skin, bones, tendons and ligaments**.
- 3** In addition to valuable collagen, the rich formula of our hydrates also contains **active ingredients, including elastin, lactic acid and caprylyl glycol**. Thanks to carefully selected ingredients, this line of products works well for dry, normal and combination skin, as well as for sensitive and delicate skin.
- 4** Additional active ingredients in the formula:
  - **elastin** - maintains firm and supple skin, regenerates and protects the skin against negative external factors;
  - **lactic acid** - regenerates, gently exfoliates and facilitates the absorption of active ingredients;
  - **caprylyl glycol** - replenishes the epidermal lipid barrier and has a moisturising effect.
- 5** The collagen used in **Pro Collagen Face Platinum** hydrate is **obtained from the most precious part of fish skin through a process which requires great precision**.
- 6** The collagen used in **Pro Collagen Body Silver** is obtained from **more pigmented parts of fish skin and is suitable for other parts of the body**.
- 7** Pro Collagen Body Silver is ideal for the care of **body skin that needs hydration and firming**.
- 8** Pro Collagen Face Platinum is ideal for the care of **face, neck and décolletage and promotes skin elasticity, better hydration, as well as has a smoothing, firming and brightening effect**. **Pro Collagen Face Platinum reduces the visibility of wrinkles**.
- 9** The ingredients contained in our collagen hydrates are selected to work together. Their **synergistic effect helps to improve the condition of the face and body skin, including sensitive skin**.
- 10** **Fragrance-free formula ensures that there are no potential allergens in the products**.
- 11** **Convenient packaging and no touch formula ensures hygienic use of the product**.
